g. Noted
engracting that Amba Conant De contacted during his
forthcoming visit to Washington on the subject of the assignment
of a scientific attache to his office and noted his intentions
of discussing this with him. Mr. Sheldon said at the present
time Conant feels that as long as he is in Germany he can per-
sonally handle scientific matters.
h. Noted a press report respecting the defection of a
Chinese motorized junk in the Gulf of Tonkin and asked DD/P to
determine whether we had received any report on this.
General Cabell:
Mr. Helms remarked it had been carefully staffed out. General
Cahell said that he also disagreed with the proposal that the
report directly to nead-
quarters rather than Senior Rep After some discussion it
was agreed that DDCI would discuss the proposed changes with
Mr. Helms and and report the results thereof to
the Director.
Mr. Kirkpatrick:
Reported that had asked him to determine
from the Director whether who was recently con-
victed of manslaughter as a result of a fight with an
RAF officer, should be terminated or allowed to resign. The
Director said he should be terminated. Mr. Helms pointed out
that he did not know the full facts of this case and would like
an apportunity to study it. After some discussion it was agree
that a memorandum on this matter would be prepared for the
Director setting forth the recommendations of IG, COP and
